Quiz#1
Comp333 – 2017/2018

Student No. :
Student Name:

=====

A database is being constructed to keep track of the teams (فريق) and games of a sports (football) league. A team has a number of players, not all of whom participate (يشارك) in each game. It is desired to keep track of the players participating in each game for each team, the positions they played in that game, and the result of the game. Design an ERD for this system.

stating any assumptions you make.
