

- To Add New Provider, do the following Steps :

- o Click on Procedure Tab.

The screenshot shows the 'Procedures' tab selected in the top navigation bar. Below the navigation bar, there is a search bar and a patient selection dropdown set to 'Patient: None'. A calendar for March 28, 2019, is displayed, showing the day of the week and the date. To the right of the calendar is a list of providers, including Khalaf, Aseel; mahmoud, Hadil; Musleh, Raghad; Nasrawi, Jeris; Qasem, Ahmad; and Kober Clinic, which is highlighted in green. To the right of the provider list is a time slot grid with slots from 8:00 to 11:45 in 15-minute increments.

- o Then, Click on Providers.

The screenshot shows the 'Procedures' tab selected in the top navigation bar. The 'Providers' dropdown menu is open, showing a list of options: Configuration, Load Compendium, Pending Review, Patient Results, Lab Overview, Batch Results, Electronic Reports, and Lab Documents. The main area of the interface is the same as in the previous screenshot, showing the calendar and provider list for March 28, 2019.

- Click on Add New.

The screenshot shows a web application interface with a navigation menu at the top containing: Calendar, Flow Board, Messages, Patient/Client, Fees, Procedures, Reports, Popups, and About. Below the menu, there is a patient selection area with a dropdown menu currently set to "Patient: None". Below that, there are two tabs: "Calendar" and "Procedure Providers". The "Procedure Providers" tab is active, and below it are two buttons: "Refresh" and "Add New". At the bottom of the screenshot, the first row of a table is visible with headers: "Name", "NPI", and "Protocol".

- Fill Data Then Press Save.

The screenshot shows a modal form for adding a new procedure provider. The form contains the following fields and controls:

- Name:** A dropdown menu.
- NPI:** A text input field.
- Sender IDs:** Two text input fields labeled "Application:" and "Facility:".
- Receiver IDs:** Two text input fields labeled "Application:" and "Facility:".
- Usage:** A dropdown menu with "Debugging" selected.
- Protocol:** Two dropdown menus, "Download" and "Bidirectional".
- Remote Host:** A text input field.
- Login:** A text input field.
- Password:** A text input field.
- Orders Path:** A text input field.
- Results Path:** A text input field.
- Notes:** A large text area for additional information.

At the bottom of the form, there are two buttons: "Save" and "Cancel". A red close button is located in the top right corner of the modal.
